Postage rates

Everybody knows that the german postage rates are expensive as hell. The books really heavy (about 1.600 g), so I have to send it as parcel. Sorry for that, but I figured out the best (which isn't really funny at all). Please read the offer at the end of the page. Maybe it makes sense for you.

Germany:

1 - 4 books EURO 4.00

5 - 12 books EURO 6.00

Europe:

1 book EURO 8.00

To the following countries: **UK, Belgium, Denmark, Estonia, Finland, France, Italy (except Vatikan), Luxembourg, Monaco, Netherlands, Austria, Poland, Portugal, Sweden, Slovenia, Slovakia, Spain, Czech Republic, Hungria.**

2 - 4 books 14.00

5 - 12 books 19.00

More than 1 copy to other european countries, please ask.

(Sorry for my loved countries like **Norway, Switzerland or Greece**)

Overseas (USA, JAPAN, AUSTRALIA etc.)

1 book 9.00 (surface-mail) but printed matters are faster than normal parcels

More than 1 copy overseas, please ask. For the horrible airmail rates also.

Offer:

Cause I'm a record and book nerd by my own, I know all the problems with postage rates and the money which's going "for nothing". So maybe you have friends also interested in the book or you will sell some copies to get the profit for your own item, I'll offer up from 6 copies a wholesale price of 20.00 EUROS a book. Maybe it's interesting for you ... maybe not.

Payment:

For single copies I'll accept Paypal or money to my bank account. I'll pay the Paypal fees. For wholesale prices, please add 5% if you wanna pay via Paypal. But we can check individual wishes, of course.

>>> for the quick payers: **Paypal address:** gethappy@buissnet.com

>>> to get my **bank account**, please write.

Books will be in the mail same day or the next after payment ... sure!

BLACK HOLE Records

(Philadelphia, PA, USA) Punk

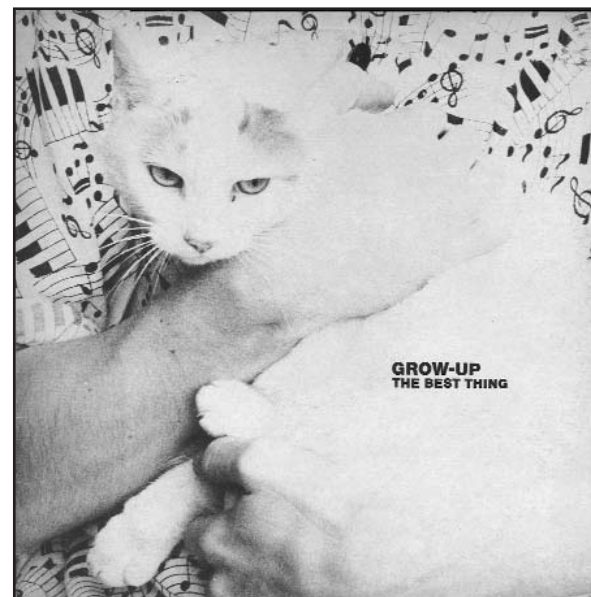

Black Hole records began to promote Philly area bands. Most of the pressing went to College Radio Stations and fanzines for review. What did sell financed the other releases. We eventually branched out to more well known bands. We went under because the City Of Philadelphia wanted tax money for what we sold. We have copies left of most of the releases. (Jim Locascio)

OUT NOW

PURE 01 (January 2007)

S/T - Stadtlandwurst LP

- limited to 200 numbered copies
- hardcover gatefold sleeves, handmade

This is the 20th album by S/T from Frankfurt/Germany. Founded in 1993, they created their own style of Kraut-Rock, Psychedelia, Drone and melodic Nonsense. This item contains two long tracks „Heilandsbächle“ and „Komm wir fahr´n...“, which means more or less „Let´s Go To The Countryside“. The music sounds like a mix of Cluster / Harmonia, mixed with high energy guitars and flimmering keyboards. A real Kraut gem.

PURE 02 (December 2006)

ECTOGRAM - Concentric Neckwear LP

- limited to 200 numbered copies
- hardcover gatefold sleeves, handmade

This well known trio from Wales prepared their latest Double-CD „Electric Deckchair“ as vinyl release. The tracks are the same (10 at all), but in different versions. Some long tracks were shorten like hell to their essence, their killer track „Cleaver In The Nightingale“ was stretched to a close to 9 minutes overdrive. Their 5th album in 12 years and a jewel for psychedelic drone fans.

More stuff is in work, scheduled for summer to autumn 2007

on the map:

- NIXON & JARVIS (solo LP by ECTOGRAM drummer Maeyc)
killer Sixties orientated Psych-Pop with styles of KITCHEN CYNICS, MARTIN NEWELL or ANDY PARTRIDGE
- JO THE GARDENER (solo LP by S/T keyboarder)
- S/T (their 21st album)
